Breeder.

I agree to the above mentioned breeding restrictions on the above referenced dog.

Original Owner

Conditions For Removal Of Non-Breeding Agreement

All health clearances MUST be achieved including hip & eyes.

The dog MUST be over 2 years of age.

The owner must consult with Brenda Breukelman on the potential breeding to prevent unethical and irresponsible breeding.

Please be aware that this agreement is not to discourage responsible breeding. Some dogs may exceed in quality and possess good conformation for showing potential, or display excellent potential for field trials/competitions. Certain breedings can add to the quality of the breed and should not be overlooked. However, too often people will attempt to "have just one litter" to recover their cost of their pup, or "mix and match" breeds (ShepXLab, RottiXLab, Ladradoodles, etc.) This is very irresponsible and is not taken lightly. Under no circumstances will that be tolerated.
